About the Community Spirit 9/11 Mini-Grants Program:

To commemorate those Harvard Pilgrim members who lost their lives on September 11, 2001, Harvard Pilgrim and its Foundation created the Community Spirit 9/11 Mini-Grant program. This program enables employees from Harvard Pilgrim, Health Plans Inc. (our affiliate) and Dell Services (our IT partner) to award an annual \$500 grant, completely funded by the Foundation, to the local charity of his or her choice. Since the program began in 2002, these employees have directed almost \$3 million to hundreds of organizations throughout our health plan service area – comprised of Connecticut, Maine, Massachusetts and New Hampshire.

About The Harvard Pilgrim Health Care Foundation:

Created in 1980, The Harvard Pilgrim Health Care Foundation supports Harvard Pilgrim's mission to improve the quality and value of health care for the people and communities we serve by providing the tools, training and leadership to help build healthy communities throughout Connecticut, Maine, Massachusetts and New Hampshire. Since its inception, the Foundation has distributed more than \$125 million in funds. For more information, please visit www.harvardpilgrim.org/foundation.

We are invested in the success of your program and would love to see the results! Please send any digital photos or videos related to your project to foundation@harvardpilgrim.org. Through your efforts, and in partnership with our employees, we continue the strong spirit of community caring that respects the memory of those lost on September 11, 2001. Thank you for your continued work in our community. We wish you every success in all your programming endeavors!
